Re: Patent application

To whom it may concern;

My name is Robert Neposlan. I am a licensed practicing chiropractor who graduated from Logan College of Chiropractic, St. Louis Missouri in August of 1996. I am currently in practice delivering chiropractic and energy based treatments.

The use of the Neuro Modulation Technique (NMT) as taught by Dr. Feinberg in the NMT seminars is an integral part in what we do. The technique as presented in the NMT seminar manual and as taught in the NMT seminars is a system, which works as disclosed on treating my most difficult cases (immuno logical, musculoskeletal, neurological etc.).

In short, NMT is an integral part of the work we do. It has proven to be an effective system of treating patients when no other health approach including conventional medicine, has helped.

Sincerely,

Robert Neposlan, D.C.
